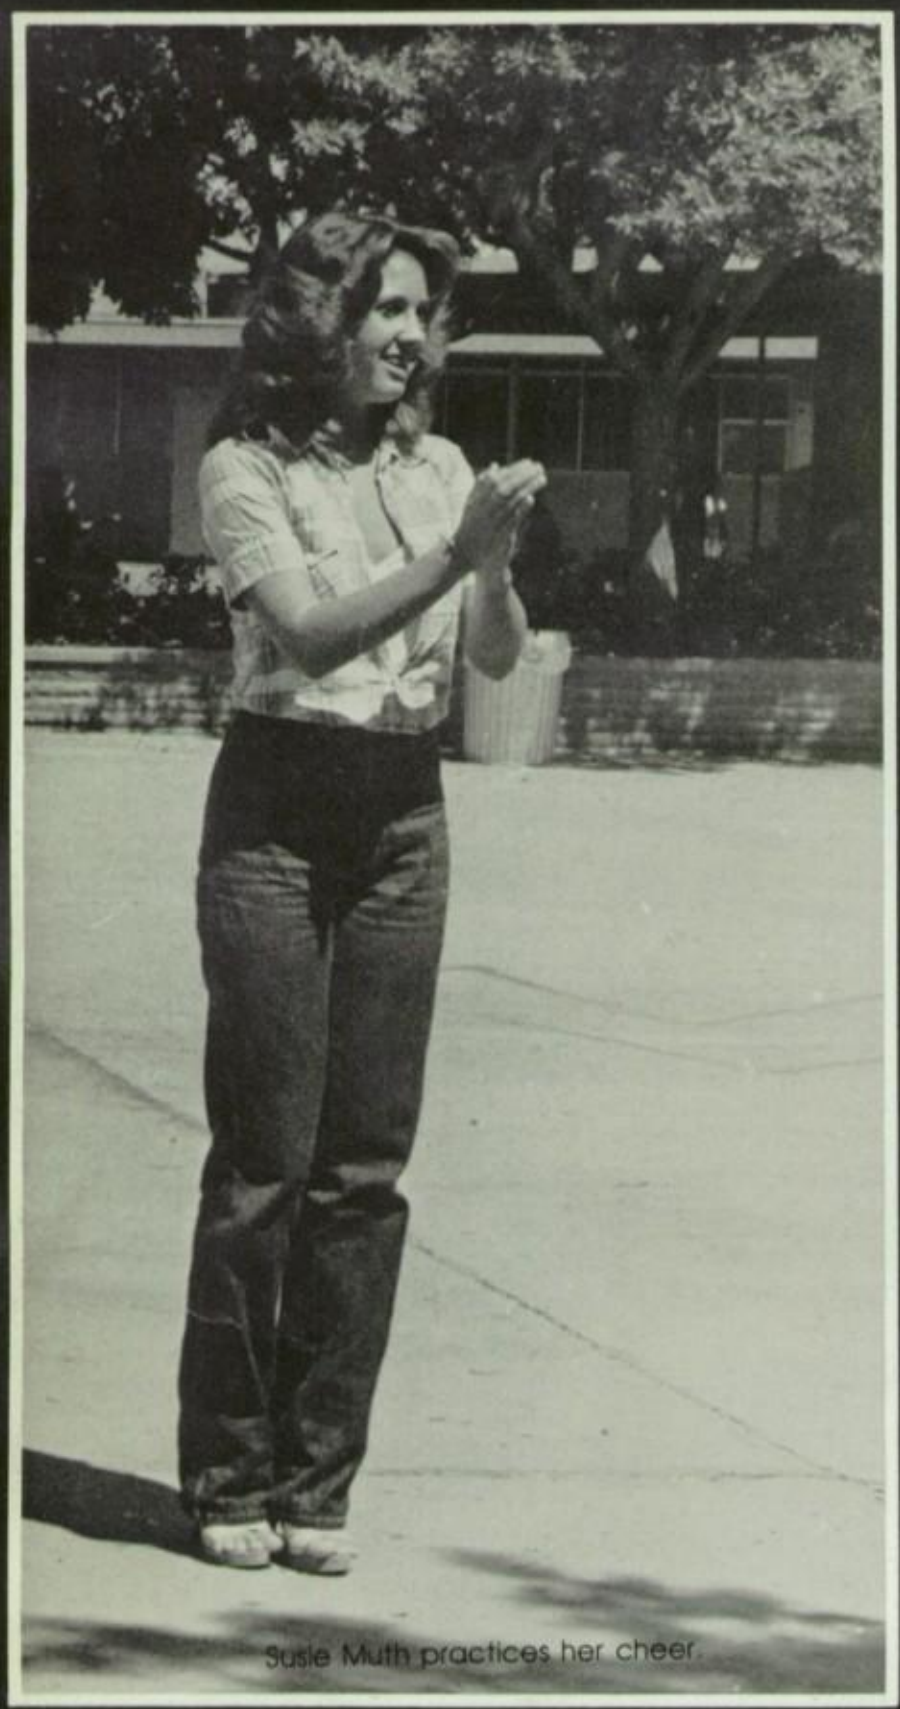
The first two weeks at Granite Hills were slow and easy; a good way for students to get used to the every day grind of school. The hot weather made for short days and not much work. Lunch periods were longer than classes, and six period was over at 12:31. Spirit week also combined to make the first part of school a little easier for students and faculty alike.



Susie Muth practices her cheer.

Students seem to be excited about returning to class.

Cheryl Bailey, Mike Clough, Tammy Hunter, Judy Jordan, and Kathy Marshall smile for the camera.

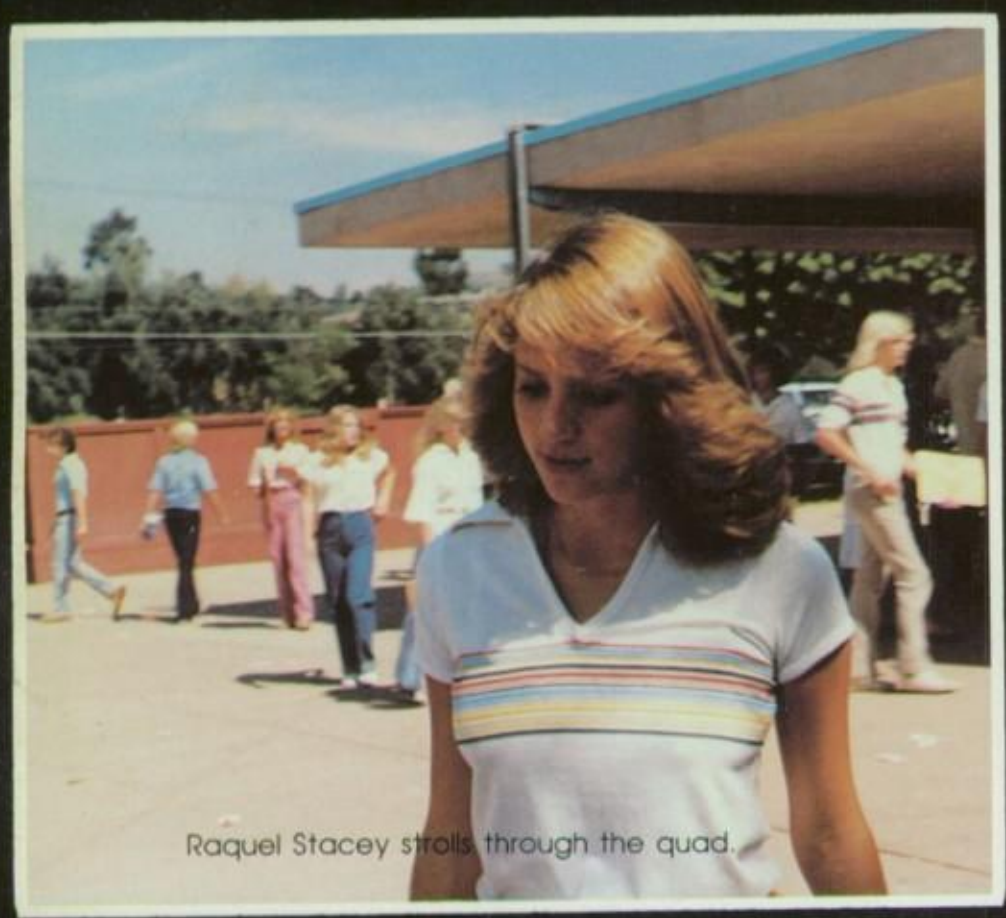
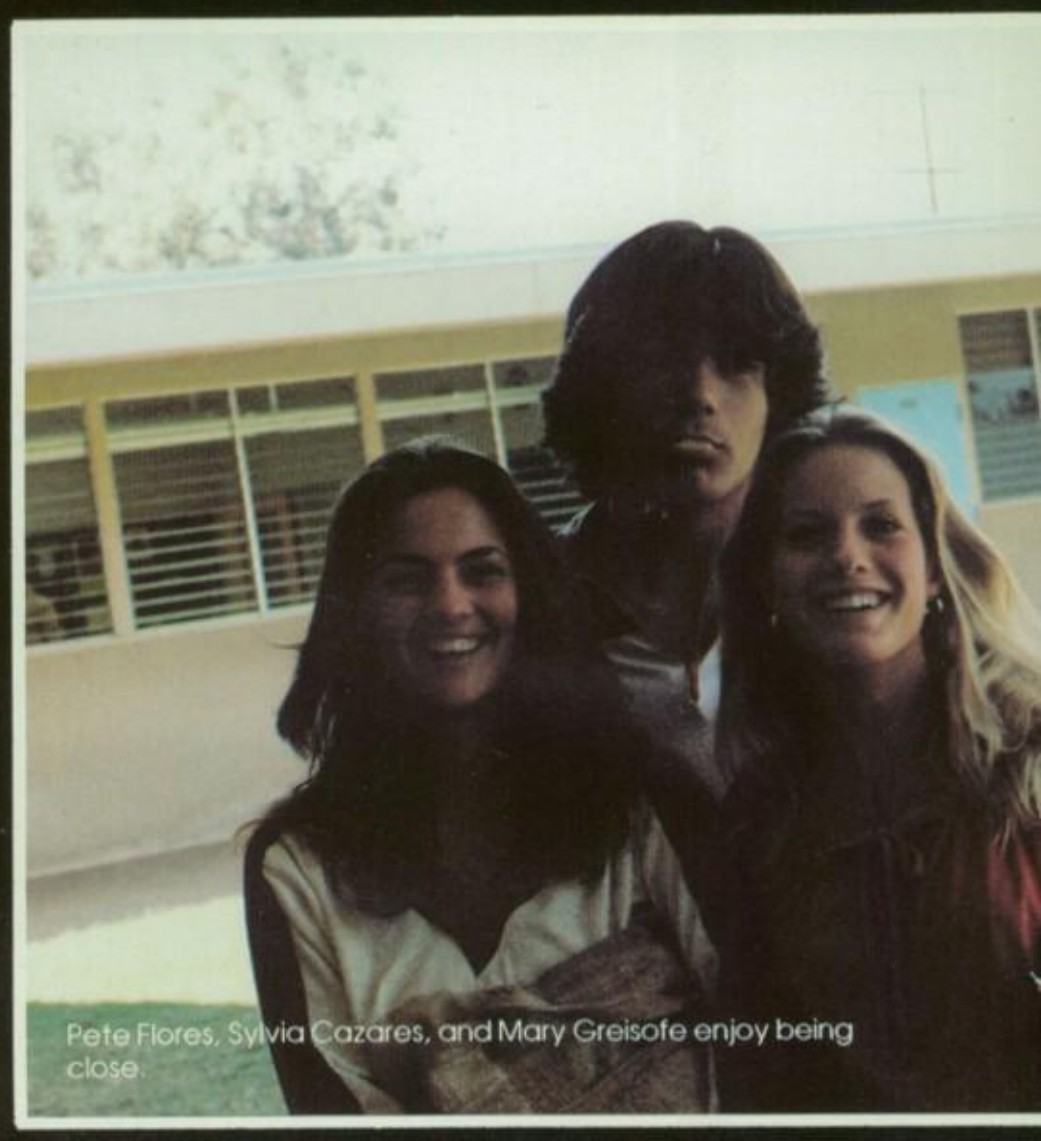
Underclassmen are very welcome at Granite Hills.

One of the craziest days of school this year was, without a doubt Halloween. The morning started out at six o'clock when the 12th graders attended the Senior Breakfast, held at the International House of Pancakes. Back at school, everyone seemed to be in the Halloween mood. Some of the costumes were the Blues Brothers, Dumbo, and many assorted babies.



Raquel Stacey strolls through the quad.



Pete Flores, Sylvia Cazares, and Mary Greisofe enjoy being close.

Students at Granite Hills find many ways to make school more exciting. Whether it be playing a sport, being in a club, or participating in band; there is always something to do.

Water always flows down hill, and otherwise goes where it will. Sometimes it drips and other times it pours, and then at the beach it crashes and roars.
It flows over rocks and through the trees, and blooms the buds, just for the bees. It stays in places called ponds and pools, and makes a home for the fish in schools.
It bubbles and splashes all over the ground, and plays happily while making its sounds. It grows bushes and makes trees green, and grows them tall, that they may be seen.
Water grows birds and us too, and grows the cows so they can moo. It makes the oceans, deep and dark, and against the shore makes its mark. The sun will set on the far side, and with the moon, comes the change of tide.

The Granite Hills basketball team had a great deal to overcome during the 1979-1980 season. The previous coach, John Mc Adams, did not return for another season, and coach Gordon Thompson had to fill his place. Coach Thompson produced definite effort and determination from his Varsity Squad, on the other hand, the J.V. Squad is packed with talent and as their record proved. They may soon break the traditional basketball teams we have seen in the past.

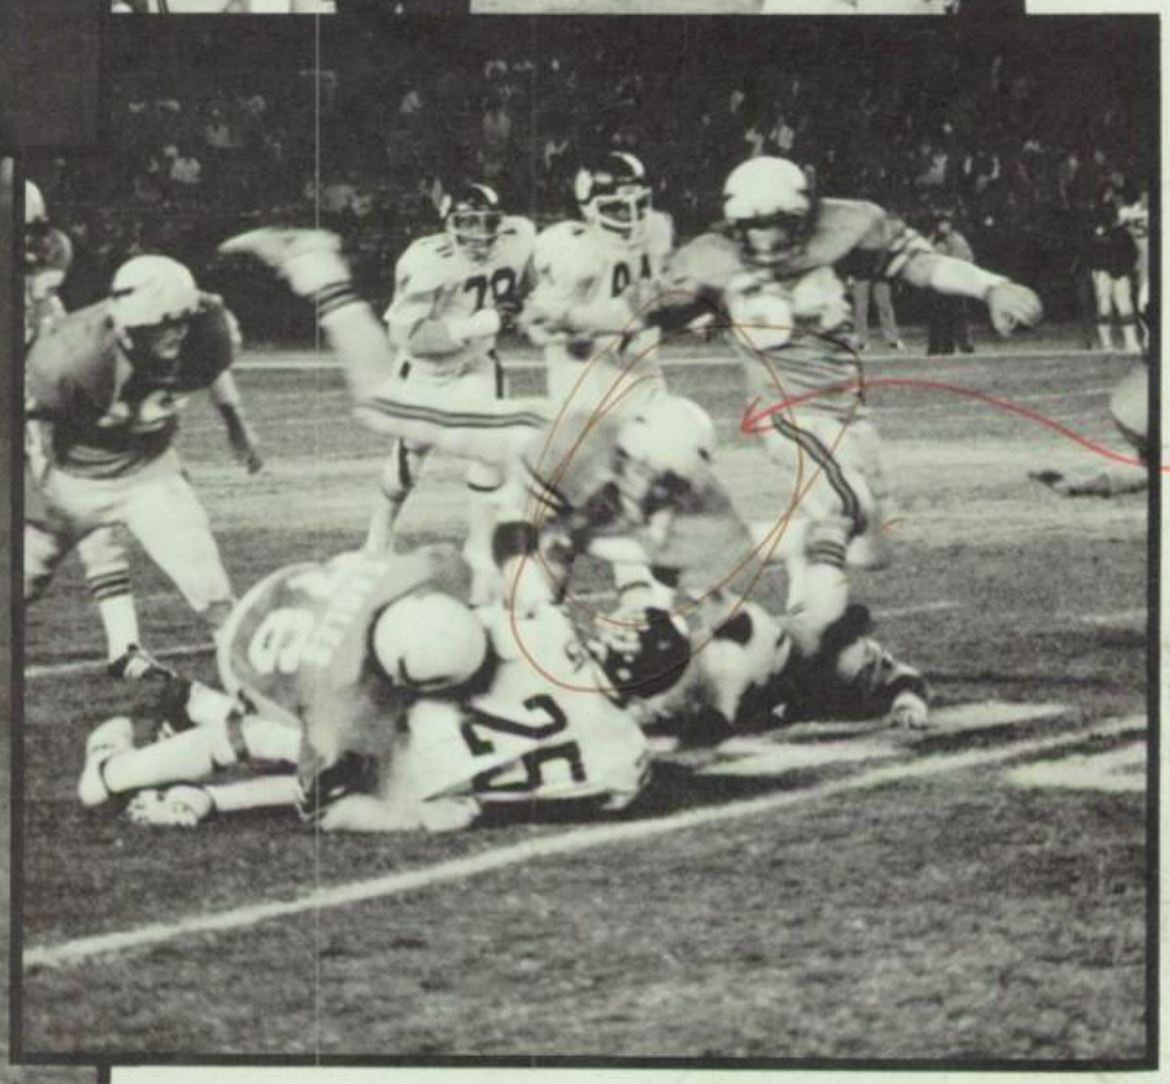
MARK Pelé Hulsey
#1 VARSity PLACE KICKER



The Pageant staff felt that this years Varsity Football team deserves some special recognition. They had a lot going against them; they had a young team, and it was supposed to be a rebuilding year for the Eagles. Despite all their barriers, the team came through and won the Grossmont League Crown.

One main reason that the team did so well was their spectacular defense. They always came through with the big play when the offense's back was up against a wall.

With key victories Grossmont, Mt. Miguel, and Helix; the Eagles plunged into the C.I.F. play-offs with a flawless record. Their first two times out they beat Vista and Patrick Henry in very close games. It finally came down to the big game that the team had been working for all year. The players were tense with pre-game jitters and didn't settle down the whole game. The final score — Morse 28, Granite Hills 7.

Congratulations, Football team, for a fine season and a 10-1 record!

Student Aide Services is a unique counseling program consisting of Granite Hills students who help fellow students.

Many high school students need assistance with studies, with getting acquainted and with getting used to life in high school.

The ten student aides serve as "peer counselors" on our campus from period one through period seven in the Guidance Center. They are trained to perform limited counseling, orient new students, tutor and give information to students via the G.I.S. — the Guidance Information System.

Sandy,
It was a great school year and you're a great friend. Hope to see ya next year & have some classes together. Good luck in the summer, and in our future years. Stay Rude and away from Rules!!
Sandy!
Have a nice summer. You're a very sweet girl. And I don't do anything & wouldn't do, which isn't very much.
Sandy,
I have only known you for a short while. Let me tell you, you are a very nice person. I enjoyed being friends with you. I will miss you when I go to Greece. Have all the luck possible in the future.
Love

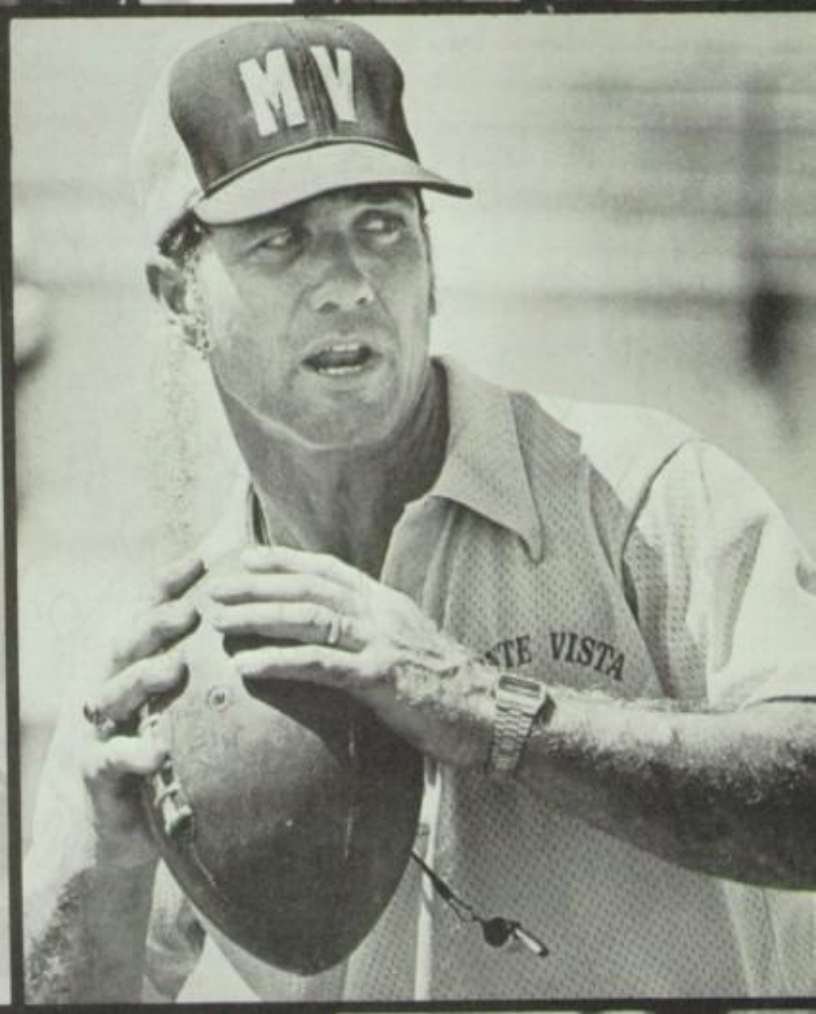
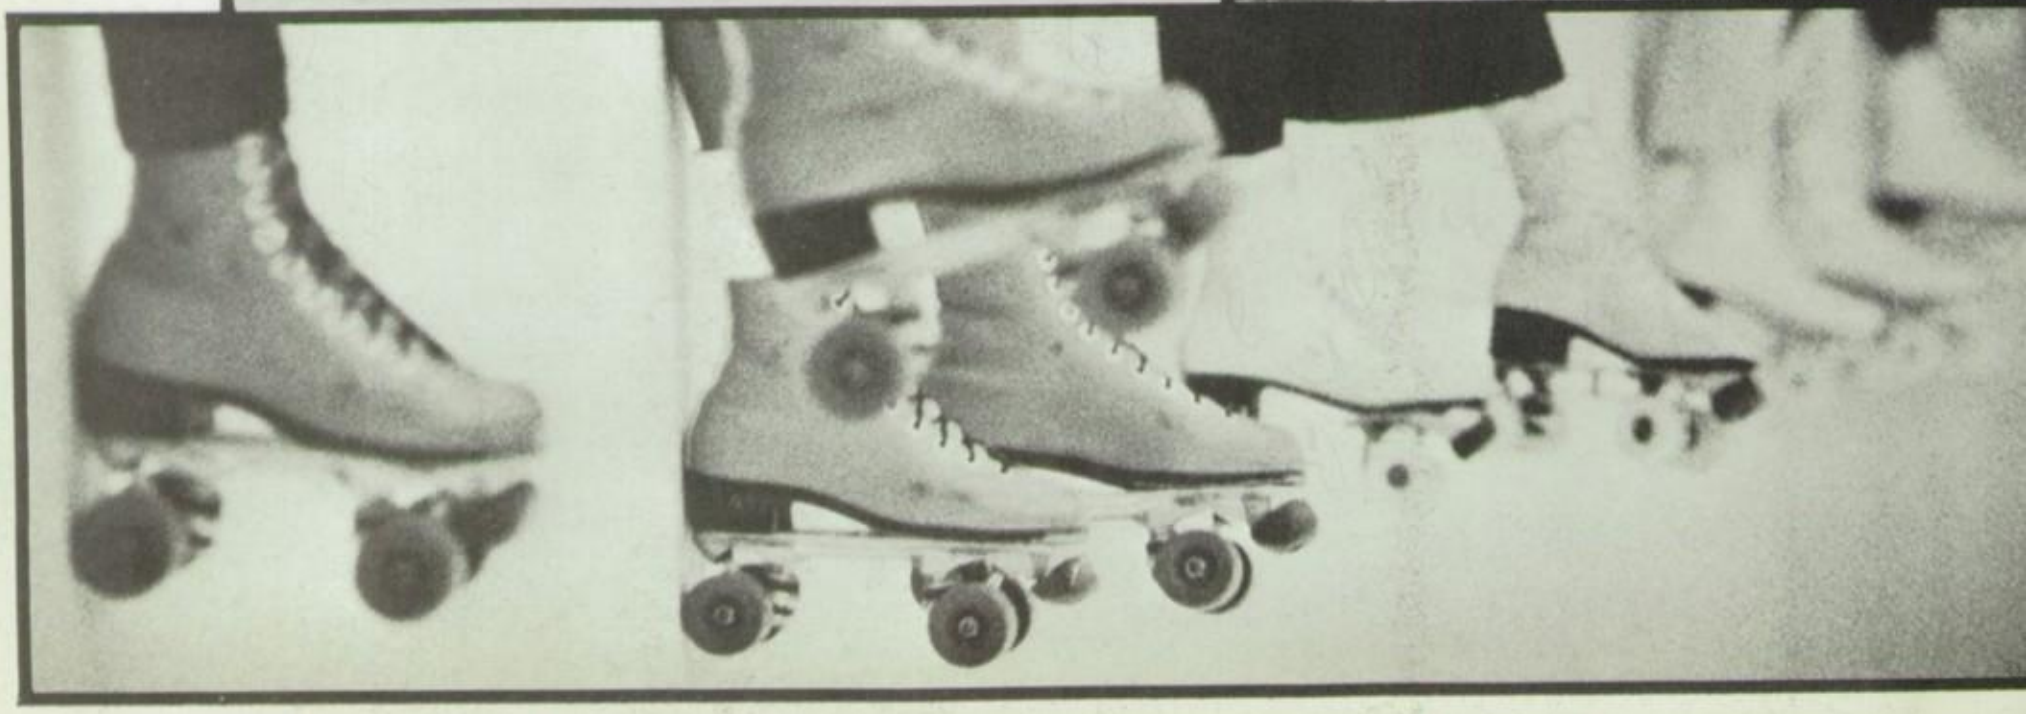
EVENTS OF THE YEAR

It was a fine year for sports in San Diego. As far as professional sports went, we saw the Chargers, led by Dan Fouts, have one of their finest seasons ever; the Clippers with Bill Walton and Lloyd Free have great potential and a possible playoff berth. As far as the Padres went, their only highlight was the rebirth of the chicken, Ted Giannoulas.





As far as local sports went, a few things happened that were unexpected. Larry Schimpf, Don Garcia and Richard Wilkins were victims of circumstance as they lost their coaching jobs because they would not back down to a somewhat unreasonable ex-superintendent. The Granite Hills students saw the best football defense ever, recording a record amount of shut-outs. The Varsity baseball team also had a fine team winning their summer league play. Two '78 graduates received scholarships to major universities — Jim Jacob and Kent Paine. There was one fad in sports. Rollerskating saw an immense boom as an indoor and outdoor sport.

Definitely the hottest issue in national news this year was the capture of the American Embassy where fifty Americans were taken hostage. Nation wide the feelings of sadness, anger, and sympathy were easily recognized. Christmas was not the same to many and President Cartrer refused to light the National Christmas tree (instead he had a small tree for each hostage.)

At Granite Hills the feelings were the same. Mr. Lindsey, along with a civics class, organized a peaceful demonstration on campus. Although it was a peaceful demonstration, the press' stories seemed to turn it into a riot. Mr. Lindsey as well as the school administration, had alot of pressure put upon them because of the irresponsibility of the press.

Mr. Lindsey and the demonstrators should have been commended for their actions — the action to exercise free speech in America.

Saturday, you're a total babe and I wouldn't mind jumping in the sack with you if you would like to go out sometime call me at 588-0573

Love ya always
Mark Rowlands
